Description

An outstanding brass framed silver plated billiard light

Elegant curved arms, shaped sweeping braces with delicate finials and beautifully leaf shaped caps .

The light has a wonderful aged feel, the silver plating has worn nicely in many places and this merely enhances the overall look.

Made circa 1880 and originally powered by gas, now converted to electric, we can also wire for USA 110 Volt.

The shades are replacement hand made silk, it would be possible to change the colour of the shades upon request.
