

Antique Billiards, Snooker Life Pool scoring cabinet scoring board

Sold

REF: 1099

Description

A Solid oak Billiard - Snooker scoring board of Gothic form featuring revolving numbers, sliding lettered Life Pool markers, a slate centre and mirrored panels at each end. Exceptionally well made this wall mounted scorer is by the "Original" Burroughes & Watts of London and is beautifully carved with floral motifs, and arched recesses flanked by pillar uprights with fitted beveled mirrors. The score counters revolve via a small thumb wheel and the Life Pool panels slide behind the slate to reveal Mother of Pearl discs. The Mirrors at each end are actually in excellent condition and exceptionally clean, just very difficult to photograph!
